

TECHNICAL DATA SHEET

CATAFUME 4200

FUME SUPPRESSANT FOR CHROMIUM BATHS

Powder fume suppressant for decorative and hard chromium baths. Prevents the fumes gassing out by lowering the surface tension & producing a foam blanket on the bath.

Application:

Add 0.2-0.4 g/l into the plating bath.

Technical data:

White powder

Effluent treatment:

All concentrates and rinsing waters have to be treated according to local regulations.

Health and Safety

Material Safety Data Sheets are available for all GALVANO MONDO products, they are normally issued with relevant quotations and Technical Data Sheets. They explain hazards associated with the product following classification by European Statutory Requirements. Normally more than one product will be used in a process. Risk evaluation of the process is the users responsibility because the user controls men, materials, methods and machines. The user must consider all of the substances present in the solution, whether they present a risk to people and the environment, whether abatement measures are needed.
